Customer Reviews

Philip Marlowe is a tough talking, hard fisted private eye who wisecracks and punches his way through eighteen adventures in crime and detection. The characters frequently engage in illogical behavior prompted by inadequate motivation, and Marlowe manages to get himself knocked out at least one time per story. By the eighteen episode I began to suspect that some of Marlowe's more inexplicable actions could be attributed to brain damage. If you put your mind in neutral and simply let the stories carry you along, "Philip Marlowe" can be quite entertaining.
