Verdict In Dispute

Synopsis

This volume was published in 1949. Enjoy murder mysteries or reading about trials? Here the author examines six famous (for its time) murder trials. To quote the author, "all six verdicts are open to dispute. Three, in my belief, are demonstrably bad". The author not only tried to "analyze the facts but to recreate the atmosphere in which these trials were fought. This way the reader can determine the dominating influences that led to their unsatisfactory result - shortcomings of counsel, ineptitude of judge, prejudice of jury, or any other weakness to which the human race is constitutionally prone".
