Customer Reviews

This is a great book not only for people like me who are interested in fantasy sports, but also for people who are serious about winning. I'm glad I found this. The information contained in this book is extremely useful.

Don't bother reading its for yearly league not daily leagues. They should change the title to yearly not daily fantasy

Very distracting trying to read pages with poor spelling. Consider having it professionally edited.

Information was OK but I was expecting more.

"Ultimate" is definitely not a word I'd use to describe this short, very basic guide on DFS. For beginners? Maybe. For pros? Not even close.

only for absolute beginners... irrelevant otherwise... a "pro" would find this useless, not sure why they felt the need to include that
