## Customer Reviews

If you are a lover of beautiful perfumes, this book is for you. All about the creator of perfumes and history behind each one. Perfumes are all about a love story, and this is fascinating. Keep it on your coffee table for enjoyable reading

I enjoy this book over and over again as I explore the different perfume houses and their products. I do admit that I adore wearing nice scents and this book gave me some invaluable background information on many of the perfumes I currently wear or want to wear.

I bought this book for my mom for mother's day. She really enjoyed the book. It was full of colorful pictures of perfume and as a perfume collector she said its must to own. The book was fairly large shipped on time and I had no issues with it. If you like perfume, learning more about it then check it out.

Absolutely gorgeous. Helped begin a true healthy obsession. Serge Lutens wasn't wven known

outside of Paris for his brilliant creations until this exceptional woman gave his Iris Silver Mist the attention it deserved! I am currently hunting another copy because mine is worn out and now lost. I'd put good money to find a copy!
