## Customer Reviews

What a great resource! It is one I keep at my desk all the time. This book separates all the different areas of law into sections and offered me a step-by-step approach to learning the terminology I needed for a new job. Some words have multiple meanings so it was helpful to have them defined in each area of law- where I noted the differences. I just made a pack of cards from the flash cards provided in the back of the book and practice when I could: on the subway, stuck in highway traffic, or with another person at work. It was even fun, especially as I got closer to mastering the pack of cards. It gives you all the answers up front in a dictionary format: the words, pronunciations, and definitions! No need worrying about getting up to speed quickly with this.

This book is a great thing to have for a student just starting out in Law School or for the person that has completed his/her studies and is now a Lawyer. It is like a refresher for those who may or may not need it! A wonderful book to carry with you to court cases or class!

a great set of flash cards
